S.N.19 A
C.P.45
F.367-34

Sir,

S.N.3 A
C.P.4
F367.34

With reference to paragraph 2 of your letter No.F.367-34/RO.II dated 20th October, 1934, relative to item 2 of Indent No.1860/116 dated 18th November, 1934, from the Residency Surgeon, Bangalore, I am directed to inform you that the matter has been taken up with the International General Electric Company of New York Ltd. The firm state that Catalogue No.H5P1 is a large square unit used on the old type of Hughes Electric Range and that this Range has been obsolete for 15 years.

2. This information was given by the firm at the time of tendering and they recommended the purchase of bricks to their Catalogue No.332H25 which they stated would fit any opening in the cooking top of Hughes type ranges.

3. The firm say that the dimension given for the H5P1 brick, viz., 6½", indicates that it is 6½" in diameter and that this 6½" covers only the inside brick and does not include the outside ring or outer brick which holds the unit brick. They state that there is no difference between the overall dimensions of the old style unit and Catalogue No.332H25 adaptor unit, and that the size quoted in your letter does not include the outer ring on the H5P1. They add that by removing the outer ring the element which they have supplied will fit.

4. In regard to the supply being 2000 watts the firm state that the wattage would not make any difference to the existing equipment although the larger wattage would give much faster service.

The Secretary to the Hon'ble the
Resident in Mysore,
BANGALORE.

The/

2

5. The firm add that they trust that upon further investigation it will be found possible to use the elements supplied but if this cannot be effected they request that a completely detailed sketch, or a sample, of what is required may be furnished. They also ask that a rough sketch of the units that have been supplied may also be sent to enable them to be certain that the bricks which were sent are to their Catalogue No.332H25.

6. I am to enquire whether in view of this information the supply can be used. If not, I am to ask that the details asked for by the firm may be forwarded to me as early as possible so that the matter may be pursued further.

I have the honour to be, Sir,

Your obedient Servant,

Director-General,
India Store Department.

THE Secretary to the Hon'ble the Resident in Mysore,

BANGALORE.

Subject:—
Fire Bricks.

SIR,

With reference to your endorsement No.F.48-35/R.O.II, dated 11th January 1935, I have the honour to state that the Executive Engineer, Station Municipality, Civil and Military Station, Bangalore, who was consulted in the matter, informs me that the 2000-watts round Fire bricks that have been supplied by the firm cannot be made use of in our Hospitals without changing the transformer, wiring and switches which are at present capable of taking not more than 1000 watts, any change of which would involve considerable expense.

I therefore enclose herein a sample of what is actually required together with a rough sketch of the bricks that have been supplied as desired in letter No.S.D.O.4392/33 A.S.B, dated 6th December 1934 from the Director General, Indian Stores Department, London. The bricks may kindly be asked to be supplied without elements as mentioned in Item 2 of our Indent No.1860/116, dated 18th November 1933.

Your instructions are awaited for the return of the wrong supply of the bricks.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut-Col.I.M.S.,
Residency Surgeon, Bangalore.

17th June, 1935.

Sir,

S.N.4 (1) c/f 5

With reference to your letter No.F.48-35/R.O.II dated 4th March, 1935, relative to the supply of fire-bricks for the Bowring and Lady Curzon Hospitals, Bangalore, I am directed to inform you that the sample brick has been examined by the International General Electric Company of New York Ltd. The f/ state that the sample forwarded by you is a 6½" standard open heater brick, Catalogue No.H21P12, with coil element 1000 wat/ Catalogue No.H21P5 and that it is necessary for Catalogue No. adapter units to be supplied in replacement.

2. 24 of these units, have therefore been ordered, and I am forward herewith a copy of this Office letter No.S.D.O.4392/33 dated 11th June, 1935, amending the Contract.

3. It will be observed that adaptor units without heating coil have been ordered in accordance with letter No.2576/116 dated 22nd February, 1935, from the Residency Surgeon, Bangalore, to you.

S.N.3 (2) c/f 4

4. The firm state that if it is necessary to make replacements their standard Catalogue No.H21P12 heater brick and Catalogue No.H21P5 coil should be demanded.

5. As 10% of the Contract price of the adaptor units will be withheld pending the receipt of a report from you that the units have been received satisfactorily and in good condition, I am to ask that this report may be sent to me as early as possible.

The Secretary to the Hon'ble the
Resident in Mysore,
HYDERABAD.

6./

18

6. In regard to the incorrect supply, the firm have agreed to allow credit for these units provided that they are received in good condition. I am therefore to request that they may be despatched as early as possible to the following address:-

The International General Electric Co.Inc.
570, Lexington Avenue,
New York City,
U.S.A.

7. The firm request that the case may be marked as detailed below and that the documents may arrive on or before receipt of the goods:-

I. G. E. CO.
IR-9275
NEW YORK.

8. I am to ask that advice of despatch may be sent to me also.

I have the honour to be, Sir,

Your obedient Servant,

Director-General,
India Store Department.

Gentlemen,

R.1808/STK-14814.

With reference to your letter dated the 31st May 1935, I am directed to inform you that 24 adapter units Cat.No.331H24, without heating coils Cat.No.H21P5, are to be supplied at a cost of $4.05 each, nett, f.a.s. New York, as an addition to Contract P.2559/4392/24.2.34.

2. The order is given on the understanding that you will allow credit at the contract rate for the adapter units Cat. No.332H25 on return to you in good condition.

3. Kindly acknowledge the receipt of this letter.
